“Not all Waters are Created Equal...
Some are Enhanced by Nature”

UNZ Water is...

- Certified Organic (incl. processing) by BioGro in New Zealand
- Carbon dated to be over 1800 years old
- Naturally filtered thru volcanic rock
- Untouched by the modern atmosphere until opened by you
- One of the highest Silica levels of any bottled water in the world
- One the softest waters (measured by CaCO₃) in the world
- pH 7.2, making it slightly alkaline and perfect for human health
- Classified as an Aquaceutical in NZ
